

Shipping & Returns

We ship worldwide

All orders are shipped as registered Airmail, leaving you a Tracking number in the message.

Your order will be shipped within 10-14-20 business days after payment is cleared. Shipping to USA, Canada, Australia usually takes 10-20 business days and within 6-14 days to Europe.

We do not ship on weekends and holidays. If you place an order on Friday afternoon, it will be shipped on Monday.

International parcels have to be processed through customs and this may cause a delay at times. We cannot foresee the rate of speed these government agencies will take.
